Highlights

Recently returned from a year of international travel and work from Canada where I worked on commercials and editorials. I am a passionate and enthusiastic person with a high skills set. In 2012, I graduated from University with a 2:1 BA(Hons) degree in Fashion Promotion and Style.

I have worked in the fashion industry for over 6 years now with 4 years being in a senior position. My role as a senior stylist has given me the opportunity to work for a wide variety of reputable recognized high street retailers such as Debenhams, NEXT, Surfdome, Brand Attic, F&F Clothing, Matalan, John Lewis, Fuji and Nestle. Having these roles means I have used my communication and people skills to lead groups of people. I have mainly worked in E-commerce fashion, but I also style Editorials, Commercials, Campaigns and lifestyle shoots.
